

To Whom it may concern:

I have known Tabbatha M. Mays since 2017, and from our very first person-to-person meeting, it became very clear to me, of the substantive, insightful person she is. Her presence in my life has been invaluable, from counseling me for my personal, and spiritual growth, to determining my next career journey, as I am soon retiring from my present career at UPS, after over 36 years.

Tabbatha possesses an impressive "background resume," and from those experiences and endeavors, she has developed a unique skill set, that would be beneficial to any company, or organization. She is almost fearless in her approach to challenges, yet also is humble enough to follow some else's lead. Her leadership qualities in forming, developing, and growing a non-profit, Spirits landing, offers testament to the many lives she has affected and changed in a positive way.

The qualities that would definitely set Tabbatha apart from most, is her integrity, honesty, and grace under fire. She has consistently demonstrated to me that she can be flexible, and forward-thinking to change a position that she might hold, if a competing one (Position.) is presented.

For the aforementioned, and many other reasons, I would recommend Tabbatha, because I believe she would be a major asset in the success of any company, or organization that associates with her.

Please feel free to contact me, if you have any further questions, or inquires.

Sincerely,

Alvin Mitchell Jr.
