

To Whom It May Concern:

12/12/11

My name is Erica Gause and I have three daughters, ages 15, 16, and 17 in the Spirits Landing Program. About 10 months ago I was perplexed at the fact that my girls weren't focused and driven enough, to say the least. Their way of thinking was very shallow and they weren't motivated or proactive about their futures. I realized I didn't have the necessary tools to help change their plights so I reached out in desperation for help. And because I'm a firm believer in Divine Intervention, I know God led me to Ms. Mays and Spirits Landing.

Ms. Mays has flooded my girls with a wealth of information, insight, inspiration and encouragement. The change in them is PROFOUND. They are more assertive, they think and talk more about their futures and going to college and their self esteems have greatly improved. My husband and I have learned a great deal also as Ms. Mays has shown us how our actions have been handicapping our kids.

Ms. Mays has exceeded our expectations and I know the world will be a better place just by her changing one young lady at a time. As the saying goes, "It Takes A Village To Raise A Child" and Ms. Tabbatha Mays is \*DEFINITELY\* The Chief!!!!

Sincerely,

A handwritten signature in black ink that reads "Erica Gause". The signature is written in a cursive, flowing style.

Erica Gause
